Dr. Richard K. Burt
Health Sciences Building, Room 8524
710 N. Fairbanks Court
Chicago, IL 60611

Dear Dr. Burt,

I want to express my appreciation for your willingness to take time from your busy schedule to provide the members of the Kansas House Health and Human Services Committee with such valuable information concerning the status of stem cell research. The information was truly eye-opening and it was fascinating to learn of the advancements made to-date and the future opportunities for providing treatment. It was apparent the need for providing education on this subject to both physicians as well as patients is a priority in promoting both the awareness as well as the support for continued research and treatment opportunities. I appreciate your work in this field of medicine and wish you much success in your continuing endeavors.

Sincerely
