Hi Dr Burt

I hope you are well. I am due to see you in August, and I'm pleased to say things are good.

I just visited my daughter's school, and saw she had written about people she admires.

You may recognise the picture

WHO DO YOU ADMIRE?

Thomas Edison

Edison was one of the greatest inventors in the world. He was a man of many talents. He was a brilliant inventor, a successful businessman, and a tireless worker. He was a man who never gave up, no matter how difficult the task was. He was a man who believed in the power of the human mind, and he was a man who was always looking for ways to improve the world around him. He was a man who was always trying to make things better, and he was a man who was always trying to make the world a better place. He was a man who was always trying to make a difference, and he was a man who was always trying to make the world a better place.

Selma Mandela

Selma Mandela was a South African anti-apartheid activist. She was a member of the African National Congress (ANC) and was active in the struggle against apartheid. She was a woman of great courage and determination, and she was a woman who was always ready to sacrifice for the cause of freedom and justice. She was a woman who was always trying to make a difference, and she was a woman who was always trying to make the world a better place.

Dr. Richard Hurt

Dr. Richard Hurt is a man of many talents. He is a brilliant inventor, a successful businessman, and a tireless worker. He is a man who never gives up, no matter how difficult the task is. He is a man who believes in the power of the human mind, and he is a man who is always looking for ways to improve the world around him. He is a man who is always trying to make things better, and he is a man who is always trying to make the world a better place.

Usain Bolt

Usain Bolt is a Jamaican sprinter. He is a man of many talents. He is a brilliant athlete, a successful businessman, and a tireless worker. He is a man who never gives up, no matter how difficult the task is. He is a man who believes in the power of the human mind, and he is a man who is always looking for ways to improve the world around him. He is a man who is always trying to make things better, and he is a man who is always trying to make the world a better place.

WHO ELSE SHOULD BE ON THIS BOARD?

Roger Federer

Roger Federer is a Swiss tennis player. He is a man of many talents. He is a brilliant athlete, a successful businessman, and a tireless worker. He is a man who never gives up, no matter how difficult the task is. He is a man who believes in the power of the human mind, and he is a man who is always looking for ways to improve the world around him. He is a man who is always trying to make things better, and he is a man who is always trying to make the world a better place.

Felix Kliesburg

Felix Kliesburg is a Swiss tennis player. He is a man of many talents. He is a brilliant athlete, a successful businessman, and a tireless worker. He is a man who never gives up, no matter how difficult the task is. He is a man who believes in the power of the human mind, and he is a man who is always looking for ways to improve the world around him. He is a man who is always trying to make things better, and he is a man who is always trying to make the world a better place.

What qualities do these people have?

Dr. Richard Burt

I admire Dr. Burt because he has cured many diseases such as MS (multiple sclerosis), lupus, CIDP

There are many more diseases that Dr. Burt can cure I have only named a few.

My mum was very lucky to have found him because Dr Burt is the only person to cure CIDP. If my mum had never looked into the stem cell transplant my dad would have been paralysed.

I probably admire Dr Burt the most because he cured my dad. It wasn't very easy for me and my sister leaving my mum and dad to go to New York, but we knew he was in good care. We were very lucky though because Dr Burt does reject many people. For me and my sister Dr Burt really helped although my family doesn't notice the difference other people really do. Dr Burt didn't just help my dad he saved his life

So my dad was one of the many people. Although Dr Burt does reject people with diseases not as bad as my dad's is because it is only a trial. If it wasn't for Dr Burt my dad would not be able to do the things he can now.

Hi Dr Burt,

*I just wanted to let you know
I was able to jump off the
ground today. It was not very
high, but there was definite
clearance. I haven't jumped
for years.*
