

The image features four overlapping squares in various shades of blue and teal, arranged in a grid-like pattern. The squares are slightly offset from each other, creating a layered effect. The colors range from a light, pale blue to a darker, more saturated teal. The background is white.

*Thank You!*

Dear Dr. Burt,

Thank you for taking time out of your busy schedule to speak on HSCT for CIDP at our recent symposium! Many attendees came up to me afterwards saying how much they appreciated your presentation. It provided many of them with new hope after hearing that there is already an alternative to the conventional therapies prescribed by their neurologist.

Thanks again,

Jim
