

Hi Dr Burt

I will never be able to thank you enough for what you have done for me.

You told me when I was leaving NW to go home and live a happy and well life.

Tom and I have now had another little boy.

My hope leaving \_\_\_\_\_ to come to Chicago was that I would be able to walk on the beach with him and to be an independent mother. Now I am busy running after two precious boys and going weeks not even thinking about MS.

Tom is happy and well. His career is going from strength to strength and as I am sure you can imagine is a wonderful father and husband.

Thank you for all your hardwork. Thank you for changing my life and giving me a future which I cherish.
