

Praise the bridge that carried you over.

I am not ignorant of your generosity in making the decision to treat me off study. I was not expecting it.

Your consideration of my insurance situation is proof to me that, not only are you a brilliant pioneer in a developing field of medicine, but you also have a human heart and are compassionate. Thank you seems embarrassingly inadequate for expressing my gratitude to you for giving me this opportunity, but THANK YOU!!

Sincerely,
Stephany

Thank you for your support.
