

Dear Dr. Burt,

The Greater San Diego Chapter of the Scleroderma Foundation would be deeply honored if you were able to speak at our Annual Linda Lee Wells Memorial Education Day. We are planning the event for May 2012. At present, we are hoping for May 5th. We can also have the event May 19th, or another day, if you are not available on May 5th.

I am hoping that you could speak about the ASSIST trial and your current scleroderma stem cell transplant trial for approx 35-40 min, and be available to answer questions for about another 20 min. You are invited to stay for our lunch, of course, and additional lectures.

We are planning to have the event at the Fairbanks Ranch Country Club in Rancho Santa Fe.

Please let me know if you will be able to speak, and if so, how we can coordinate with you for travel and accommodations. We would, of course, love to host you for additional meals and sight seeing if you are interested.

Warmly,

Holly Hauser

Medical Director  
Scleroderma Foundation  
Greater San Diego Chapter
