

Thank you.

Two small words
for such a
big feeling.

Dear Dr Burt & the entire team
- I mean everyone - nurses, clean staff, dining

Your kindness
really made a difference...

Your thoughtfulness
really touched my heart...

The gratitude I feel
really can't be
put into words.

Enough words cannot summarise my gratitude
you each and everyone of you so I will sum it up
with something one of you said to me which really
touched me. You said that you love your
patients and I can see that - I love you all too!

Forever grateful
