Dr. Burt, I just wanted to take a moment to say thank you. I'm sure everyone tells you but this has been such an amazing journey. To be able to have the opportunity to have HSCT done for me, to be blessed that you accepted me for a new chance of a better quality of life! Even more so that my health will improve but my relationships with my kids will only be stronger. Your medical work is a blessing but changing people's lives is priceless. Thank you for changing my life. I found out you like cows? Thank you again Dr. Burt See you in 6 months.
