ADSCC & Yas Clinic Khalifa City invites you to attend the Scientific Meeting on
Autologous stem cell transplant in scleroderma

With the guest speaker
Prof. Richard K. Burt, MD

Founding member, Acting CEO, Genani Biotech Corporation.

Dr. Burt is a Professor of Medicine at Northwestern University Feinberg School of Medicine and a Fulbright Scholar. He endeavored for 35 years, first with animal models then with some of the world's first clinical trials, to bring the field of stem cell and cellular therapy to the patient's bedside.

Dr. Burt performed America's first hematopoietic stem cell transplant (HSCT) for multiple sclerosis (MS), systemic lupus erythematosus (SLE), Crohn's disease (CD), stiff person syndrome (SPS), and chronic inflammatory demyelinating polyneuropathy (CIDP) and published the world's first randomized clinical stem cell transplantation trials for systemic sclerosis and multiple sclerosis.
