

THANK YOU

Dear Dr. Burt,

I don't believe in coincidence - and meeting you was no accident. I truly believe the Lord allowed our paths to cross, & through your hands and heart, He gave me a second chance at life.

Thank you for the extraordinary care, wisdom, and compassion you poured into my HSET journey. You are doing God's work, and I am so grateful to have been under your guidance. The impact you have made on my life and my family's life is immeasurable.

I am also deeply thankful for  her strength & kindness were a steady light throughout the process. Together, you both embody the grace and healing that only God can orchestrate.

With heartfelt  
gratitude & faith,  
Cecy
